

PRODUCT SPECIFICATION SHEET

Product Code: BYP100M

Description: PADS, 16" x 20"m, Light weight

Product Range: Sonic bonded

Configuration: Pad

Size - Length (IN): 16" x 20"

Absorption capacity (l): 68.13(18 US Gallon)

Weight (kg): 3

Application: For Chemical spills on land, leaks & drips.

Class: Chemical Sorbent

Technology: 1-ply, sonic bonded & meltblown

Description

When hazardous liquids spill, use HazMat Sorbents for quick, efficient response. These polypropylene MeltBlown Mat Pads soak up acids, bases and unknown fluids fast.

Bonded sorbents are constructed from a single layer of strong uniform polypropylene fiber. The fibers are then sonically bonded together for added strength and reduce linting.

Color coded yellow for Hazardous material applications and spills to know exactly what you're reaching for in an emergency spill situation

Pads are perforated for easy and exact use.
